4. The centre information in this tab displays the study status (A) and the study expiry date (B). Study statuses include:
  - None – the Main application for the study has not been approved
  - Active – the Main application has been approved and that study is currently active and in good standing
  - Hold – the study has been placed on hold by the REB due to an ongoing, unresolved matter
  - Expired – the study expiry date has passed and a renewal application has not been approved

**\*NOTE:** Study renewal applications should be submitted at least 4-6 weeks prior to the expiry date in order to avoid study lapse.
  - Terminated – the study was terminated by the REB after the study expired and no response was received from the study team
  - Closed – a study closure application was approved; the study has been closed with the Sinai Health REB
